

## **Prayers of the Faithful – Children with disabilities**

For parents of children with disabilities, that as they go about their many caregiving tasks, that they may feel the presence of God in their lives,  
we pray to the Lord.

For all family caregivers who, like Mary have answered "Yes" to God's invitation to care for one of his beloved sons or daughters,  
we pray to the Lord.

For children with special needs, that they may be loved and cared for by their families, neighbors, and this Church community,  
we pray to the Lord.

For children with special needs, their parents, and their families: that they may be given all of the love and support they need,  
we pray to the Lord.

For our faith community, that we welcome and affirm the participation of people and families living with disabilities into our parish family,  
we pray to the Lord.
