## **Breakthrough Healing Workshop with Patrick and Joy Campbell**

### **June 4th-June 7th**

#### **From the Director:**

*"I would like to thank Patrick and Joy Campbell for leading the Breakthrough Healing Workshop for our Diocese of Raleigh Charismatic community. I would also like to thank all our CCS board members, ministers and leaders who assisted to make this powerful event possible. Thank you to all who attended and joined us for this workshop. Some have sent in beautiful testimonies. If you are still waiting for answered prayers, be patient. Sometimes change occurs over a couple days, weeks or even months. My family and I were so blessed and had a great experience.*

*Our beautiful Music ministry (Donna Schroyer, Trish Bell, Wendy Edwards and Debra Rony) was wonderful. Thank you to Dee Craine and family for providing lodging and hospitality with an open heart and home. Our Intercessory prayer team led by Mary Trombetta had been praying for months in advance and throughout the actual event for all registrants and everyone involved. Thank you, again, to everyone for using your beautiful gifts!!!*

*The Campbell's were amazing and incredibly open about their own testimony. I feel like they are old friends/family. Their engaging personalities and gentle humility allowed so many to relate and created an awesome environment for the Holy Spirit. The Breakthrough Workshop was very thorough in identifying and eliminating any blockages to healing and answered prayers. I encourage everyone to participate further by following them on Joyful Hope TV on Youtube and Facebook. They are an anointed and gifted couple (and family) doing God's work. They are getting so many souls "back on track". I've been receiving testimonies from young and old alike.*

*WE LOVE YOU PATRICK AND JOY!!!-Thank you for coming and serving all of us virtually and in person here in the Diocese of Raleigh."*

## Testimonies

***“What a great reintroduction to Charismatic Catholic events. We first got involved in the Catholic Charismatic Renewal in 1985. This was our first Charismatic event since 1996, a year before we moved to NC. The Breakthrough Healing Workshop is aptly named. My wife and I have each received spiritual healing and several breakthroughs as a result of the workshop. Patrick and Joy did a masterful presentation of the 5 major obstacles blocking God’s graces--- unforgiveness, fears, unhealthy relationships, the occult and generational sin patterns, (I never thought I’d spend a day and a half working on these areas). They led us through a thorough discussion of each of the issues and gave us time to work on each of them before moving on to the next. Once we finished these 5 areas, they guided us through each one, letting us deal with them one by one then finishing with a prayer. It was a remarkable experience.***

***Since the workshop ended, more healing and greater resolution unfolds daily. Long-held resentments and instances of unforgiveness have been released and healed. Fears and uncertainties have gradually come to light and have been released. I have remembered some unhealthy relationships, giving me the opportunity to reflect upon them and to pray for resolution. In addition, we discarded some books and a few items around our house that we realized did not belong in a Catholic home. Importantly, I recognized some unhealthy, sinful generational issues in my family and have been able to pray about them to bring more healing...”***-Andy and Win Wallace

***“I do have a testimony to share! The very next day after the Breakthrough Healing Workshop my husband, Rudy was asked to be an investor for the new Mamma Mia Italian Restaurant opening up in Holly Springs real soon. This has been an answered prayer for him! Praise God!!!...”***-Vita Napoli

***“Michelle put in a job application the Monday morning after the workshop for a summer job in Raleigh at 11:30am. She received a call at 2:30pm requesting an interview at 5:00pm. Arrived in Raleigh for the interview and the woman literally gave her the job on the spot and started introducing her. She started immediately the next day.***

***She’s been putting out resumes for months and was getting discouraged. God did it all in one day!!! Praise God!!!!”***- Michelle M.

***“ Very powerful., you could feel the Holy Spirit at work. I was made aware of how to let go of my fears and how far forgiveness goes. I loved the fact I learned about the use of the green scapular and how it works to help bring your loved ones to the Lord. Everything about the occult and generational sins. I loved the way Patrick and Joy shared their healing and blessings. So happy I joined all of you! “***-Maria Zollo

## More Testimonies

*For a complete and updated list of testimonies (and there are many!) please visit our website: <https://ccsraleigh.weebly.com/testimonies.html>*

*"...Eddie and I experienced a tangible sense of peace and love permeating throughout your home. The Holy Spirit is present in a very big way there! That is a special gift you all have been given. Eddie said that he felt so welcome and that he was amongst "family". Praise God!*

*Thirdly, thank you to Patrick, Joy and their family for putting on this powerful workshop for all of us. It was truly blessed and anointed. While participating in this workshop via Zoom, I felt such a palpable sense of peace and anointing coming through the screen. It was as if I was present at the workshop at Maria's house even though I was not. I felt the Holy Spirit's presence in a very profound way!*

*I have a praise report to share! Patrick was speaking to us about the importance of writing down our request of the Lord on paper, that the Lord wants to answer our prayers and bless us and others through this workshop. He then mentioned that he received testimonies that a request had been answered in 30 seconds, some others had been answered in 30 minutes, some in 3 hours, some that day or yet some in the days to come after the workshop. One of the requests that I wrote down was that my youngest son would be baptized in the Holy Spirit and grow in a more intimate, personal and loving relationship with the Lord so that he may know, love and serve the Lord all his days. Not even five minutes after Patrick was speaking about God wanting to answer our prayers, my son called me from work. He said "I am canceling my plans with my friends on Saturday night so I can go to dinner with my old youth group leader and catch up with him". His youth leader called him at work (while Patrick was talking about Jesus answering prayers) and invited him to go out to dinner and spend some time catching up with him. Nicholas was so happy and excited to hear from his leader! Nick has been struggling with finding Catholic friends. He really likes this youth group leader. He told me that this man was his favorite leader of all his teachers. Thanks be to God! To God be all the praise, honor and glory!*

*While Joy and Patrick Campbell prayed with me privately, Patrick shared something special with me that I'd like to share. Some days before this workshop, he was in his storage and found a crucifix that he had made which was missing its left hand. Patrick said he prayed about what the Lord wanted him to do with it. He wondered if he should throw it away or keep it. Later that day, the Lord told him to give the crucifix to the person that was missing their left hand. He said that the Lord wanted me to have that crucifix. God is so good! Praise the Lord!" -Bernadette DiVito*

*"I have been trying to process all that I experience during this amazing conference. Some many breakthroughs and revelations a specially "Soul Ties". In prayer over time with Patrick and Joy, that I never met before, they told me things that only I and God knows. I know for a fact that God was speaking to me through them, giving me new direction and putting me on the path to the victory. It does not mean that is going to be easy but yet I feel such an overwhelming sense of peace , lightness in my heart and mind..."*

## Prophetic Words

From Maria Muratore:

I'd like to share some private Words from the Campbell's during prayer. The Campbells said things are going to get really big with our charismatic community. People are going to start attending events in great numbers and prayer groups will experience a large influx of people-more men and young people will be attending.

He had a vision that we were on a high cliff looking out. He said a lot of the hard work was done already to get up here. He had a Lion King vision as the cub was raised up on the cliff. He said we've been climbing and are reaching new heights. We're going even higher now with new tools.

He said current leadership will be focused on training and growth with many already anointed members as they grow making room so they can lead/minister to more people who'll be coming back to the church. Patrick and Joy felt tremendous peace as they entered my house and the peace remained throughout. They were impressed by the gifts in our community and the words we've received and how we all prepared. More gifts and work are coming for us but it will be a joy.

They confirmed our prayers for starting Healing Masses again.

They confirmed all the necessary growth of Intercessory prayer teams. We all need more time at Adoration, Communion, Confession and getting back to in person events/meetings. He said big growth will happen very soon and we need to prepare. God has been preparing us.

The Eucharist IS VERY IMPORTANT FOR PROPHECY and leadership. We need the Blessed Mother Mary's continued intercession.

Love you all and thank you to all for using your gifts throughout the whole process-planning, interceding, ministry and all those who assisted spiritually and physically.

God bless you all as you continue to process what God has done for you personally.
