

THE CATHOLIC DIOCESE OF RALEIGH CHARISMATIC RENEWAL

THE FLAME

October 2020 issue

A Letter from our Director of Catholic Charismatic Services:

To all:

Thank you all for participating in our 2020 Divine Mercy Healing Conference. Fr. Sunil would like all those experiencing God's healing touch to give your testimony. I have compiled a list of healing words given at our conference. If you believe God was speaking to you and relieving you (or those you prayed for) of the following issues, please respond back by email to claim the healing/blessing and write a brief testimony of your experience. You may indicate if it is okay to share your testimony. To date we have 24+ testimonies of healings of mind, body, Spirit and various answered prayers.

Remember that we keep all information in strict confidence unless we have permission to share for ministry purposes.

*PLEASE NOTE: Fr. Sunil said many who were unable to attend the conference will be receiving healings as well as those who attended. Also, if you attended the virtual conference and were praying for someone else then that person would be receiving a healing/blessing as well. *We invite all these to offer their testimony in gratitude. (Also, please email letting us know your feedback and your experience during this conference, as well as any virtual prayer events you have joined in during the last few months. We are discerning how to best serve and minister to all of you.)*

We ask that all of you continue to pray for the Charismatic Renewal in the Diocese as we move forward in these precarious times. We are already trying to plan more events like this either virtually or in-person to serve the needs of our community and to give glory and praise to God!

Maria Muratore

Dear Brothers and Sisters in Christ,

After the conference I was drained and very tired I was so touched and moved by everything and pondered it in my heart. Father Sunil is an amazing gift from God! He pours himself out to teach, heal, guide, and show God's love to others. I was amazed at how deep I could feel when doing a conference on the internet! I remembered how much his teaching struck me the first time I saw him at the conference in Raleigh. I began praying for Father Sunil since the first time I saw him. The first night during adoration I saw a rush of liquid fallen down from the host. Of course in the darkness I couldn't see color, but knew in my heart, that blood and water were pouring into the chalice at the bottom. Last year I knew that some people saw the sacred heart in the host. I did not see it then, and was hoping that I would have that vision. But my vision was amazing! During adoration times I felt such an amazing heat in my whole body especially in my chest and in my hands. I frequently have the burning in my hands during deep meditation and prayer but have never felt the burning through my whole body. I have sarcoidosis and I claim that I was healed from this, but I will not have any evidence except what I feel in my heart. On the second day during the family healing I felt that God healed me from past deep pain from my mother. It was something that I didn't really know or think about, it came to me as Father Sunil was going through things we needed to be thankful for and saying aloud things that have hurt us. I thought I had forgiven things in the past in preparation for my first life in the spirit seminar. This was much deeper and healing to me! This is something that someone had said I would be healed from in one of our weekday prayer meetings. Thank you Jesus for my brothers and sisters in Christ that I have had the privilege to meet with during this pandemic! Thank you Jesus for Father Sunil for guiding us even closer to God's light and healing presence. And Thank you Jesus for coming to us and feeding us every day with this amazing gift of the Eucharist! Oh sacrament most Holy or sacrament divine, all praise and all Thanksgiving be every moment thine!

Lisa A.

This testimony of multiple healings comes from Kelly P. in Pennsylvania:

-For someone: you shouldn't regret quitting your job, confirmation that it was right decision

In Nov. 2019, my son was diagnosed with leukemia. I had to take FMLA, but since the healing process is almost 3 years in full, I decided to resign from my teaching position. In recent times, I had been questioning if my decision was the right one. I am now out of work but am able to homeschool both my children ages 3 and 6, and felt immense healing when hearing that this is the right path.

-God is blessing someone's Dad, He hears your prayers and someone needs to forgive their father, pray for this grace

For many years, I have held onto the hurt and pain my dad caused me and our entire family. I didn't even know I had to forgive but felt God's call so loud that this was something I needed to do to heal. When I first heard Fr. Sunil's words on Friday evening, I claimed them and asked that God would heal me in full of the hurt and pain. I truly surrendered to His holy will, and on Saturday evening I was delivered from the spirit and sin of oppression. PRAISE GOD. I could explain this more fully over the phone, but through email I will try to convey the situation. While responding to the deliverance after the healing of memories, I had my hands up in praise and remember feeling like a very small child ready to be picked up by a parent. In finishing the deliverance, out from my arms and fingertips flew a spirit of oppression. I instantly opened my eyes searching for what had left me but couldn't find the hurt/pain. Upon closing my eyes, I felt Immense peace, seeing cloudy white pure smoke, and tears rolled down my cheeks because I knew and felt the healing throughout my entire body. I was filled with the Holy Spirit after being released of the oppression.

-A skin condition is being healed

I had just had dermatology work done on the Monday before, and was worried about if the skin condition would heal as the healing seemed very SLOW. On Wednesday of the following week, the skin condition COMPLETELY healed.

-Someone who previously prayed daily at 3:00pm, God wants you to get back to this schedule

I used to pray the Divine Mercy Chaplet for covid19 and for the complete healing of my son's leukemia. During this time I felt immense peace from God, but I forgot this summer to continue. Jesus called me back to this time, and now my kids partake in the prayer with me, and my husband too if he is home from work. PRAISE GOD!

-healing muscle pain/issue

I had fallen 2 weeks before the conference and hurt my back terribly to the point where I considered a chiropractor. It hurt during the conference to sit. 2 days later, the pain in my back completely left me. It has not returned. Praise God!

In general, I found myself reveling in peace, bringing my whole family closer to God through prayer and His word. We spend the day focusing on God through learning and being intentional about our actions to give glory to Him. The Holy Spirit has renewed me and through that blessing, my family is being blessed.

She also writes:

I am attaching a picture of a dove sitting on the roof of my house at about 6 Pm on the Saturday evening of this conference. When the conference ended, my husband said to me that my face looked different. The best way he could describe it was that he saw peace. He said this to me before I told him about my healing experience.

During the Healing of Memories session, many memories were brought back to my mind that I had not thought about for a long time.

They involved difficult time periods and challenging or disappointing experiences. I was able to give thanks for these experiences and situations, and sensed a healing after giving thanks.

I also sensed that there would be further healing experiences in the future to the extent that I am willing to reflect on, pray about and then give thanks for other difficult experiences and the hidden good that can flow from them.

-John M.

My daughter received healing in her throat and I received confirmation for putting in my resignation from job. I claimed other healings for people I know. I learned alot during the conference on questions I have had for a long-time.

May God continue to use you all.

-Linda A.

I claimed two of these healing words.

One was healing of head issues. I had been having headaches, and they stopped.

The other was confusion about a document will be cleared up. I spent about 3 hours on the phone with Medicare wondering why all the bills were paid but one. We finally got that resolved.

Great conference.

-Pat

Praise God! I was healed from heart failure symptoms in the beginning of the conference when Father Sunil exposed the Eucharist.

I claim the following blessings and healings:

- Brother's condition*
- Heart problems*
- employment*
- healing of regret*
- confusion about a file/document*
- healing and answered prayer for Mary and Jonathan*
- forgiveness to a son*
- blessings of a marriage*

After attending this inspiring conference, I have had an increase of zeal to pray more and to be more forgiving. Thank you Jesus! I look forward to attending more retreats with Father Sunil in the future.

-Mary Trombetta

While participating in Fr. Sunil's Divine Mercy Healing Conference, I received a call from my sister. She was calling to tell me that her PET scan showed a very large breast tumor and that she has an aggressive breast cancer. She was scared and overwhelmed by the news to say the least. During Eucharistic Adoration, Fr. Sunil gave a word that there would be a healing in the chest. I claimed that word of healing for my sister. Within a few days of being diagnosed, my sister's doctor ordered two additional tests. The findings on her radiology and ultrasound reports stated that no masses or tumors were detected. Thank you, Jesus! Praise the Lord! Hallelujah! All glory be to our God! Thank you, Lord for this miracle!

-Bernadette D.

I have attended many conferences in the past and even though this was virtual, I could feel the presence of GOD & the HOLY Spirit in our home & working through Father Sunil to heal me from physical & mental pain & suffering that I experienced in my youth from my father , mother, teachers & bullies in my growing up in my hometown. We also recently had, what I feel , was GOD's intervention in saving us from a terrible car accident with two cars in Knightdale, N. C. that could of been fatal had I not turned my head to see the two cars coming in my lane as I started to pull into the lane. GOD BLESS YOU FOR ALL YOU DO.

-John

I believe that God's message- healing a genetic defect, disorder is intended for me.

I have been praying a 54 day novena to mother Mary for her intercession and help on this type of health issue. I truly believe God, with this message, is letting me know that he is working to heal the physical and mental consequences of this disorder that have been inflicted upon the members of my family.

-Anonymous

I am claiming the healing of my hair/head. "Pride of Intellect" is also something I have been praying a LOT about- being boastful about being smart, having a great career and sometimes talking down to others.

There are a few that "could" be for me. How do you know? I've been estranged from my mother for 3 years and pray all The time for that to be healed. I saw that a renewed relationship with a mother was on the list. How do I know if that's for me or for someone else? Same with the blessing of a marriage.... I'm always praying for that.

A few crazy things have happened since the healing conference.

1.) My Hair: the first few days I didn't notice a difference. My hair had been falling out to the point my hands would be filled and covered with hair in the shower. Matt asked if I would write a testimony of my healing and I said I wasn't healed yet. He told me to anticipate the healing and just claim it in advance and be thankful in advance. So I did. I put in a hair catcher in the shower so I can see if anything is happening. The last three days.... nothing!! Maybe like a strand or two!

2.) I have been estranged from my parents for three years. My mom is a clinical narcissist and it makes things really hard. Very abusive. I'm going to attach a before and after picture of life with my mom abusing me and life with me being separated from my toxic family. I have forgiven her. It took a long time, but I did about a year ago. I unfortunately still can't reconcile because she is not well and refuses to get help. She has refused to contact me even via email for almost a year. I heard from her this past weekend. In true narcissist style she sent me a prayer for HERSELF and told me that I am filled with Satan and me being Catholic will send me to hell etc. She name called me and still refuses to talk about the issues, apologize, seek help, and reconcile in a biblical way.... to go to the person, you offended and apologize. The reason this is an answer to prayer is twofold. 1.) It gave me another opportunity to call out the inappropriate behavior and offer help and to defend my faith and 2.) See how much have grown. I didn't shed a tear. I shrugged it off like "yup. This is my family" and carried on. This is a HUGE step! So, thank you Jesus.

3.) I lost my job Friday. I knew it was coming. I worked for Wells Fargo and I led teams that were fixing the scandals Wells Fargo was involved with. Some really shady things. I hated it, this job was making me feel sick, and stressed and I just HATED IT. I never close doors for myself. It requires God saying, "ok this is enough" and closing the door for me. And he did. I was fired Friday for refusing to overwork our employees from India and act like a greedy, evil banker. So now I am eagerly anticipating a new job that I will be happy in and that I can shine Christ's light in and make a real difference. It felt GROSS knowing the only contribution I was making was getting Wells Fargo out of trouble and helping them lie to customers. Thank you Jesus for the closing of the door and for the provision you WILL bring.

-Laura

Upcoming Events

Sunday Nov. 1st, 2020 2000 Hail Mary Event

11am-7pm

412-A East Williams St. Apex, NC

******This is an open house event. Please stop by to pray with us for the upcoming election and other specific intentions! Prayer teams will be available for those who want private prayers.***

You may also attend virtually via Zoom.

Please sign up in advance if you can to be one of our Hail Mary Prayer Warriors at this event at:

<https://www.signupgenius.com/go/4090848a5a9229-20001>

Please email [mmuratore @ymail.com](mailto:mmuratore@gmail.com) for more information.
